

Junior UI Designer Job Specification - Location: London

About This Place

This Place is a digital product design studio with offices in London and Seattle. We help businesses define their digital strategy and realise their strategic vision through the design and development of smarter apps and online services. We're a friendly, driven team, who are passionate about all things digital and enjoy working with a series of influential global brands. We also focus some of our time on developing our own digital products.

The Role – Junior UI Designer

We are seeking an enthusiastic junior UI designer to join our Shoreditch based team. The role would suit someone with 1 - 3 years of agency experience designing apps and websites. As part of our team you will be helping to deliver Large-scale, digital solutions for our global clients as well as creating material for new business pitches and communications.

You will be working closely with senior UI and UX designers, as well as the development and project management teams. A desire to create pixel perfect designs is essential, as is the ability to manage your time effectively over multiple projects. You should also be comfortable present your work and ideas to internal stakeholders and clients.

Key Job Tasks

- Creating highly polished visuals from UX concepts
- Taking direction from senior UI designers, UX designers and the project management team
- Involvement in workshops, research and user testing sessions
- Assisting in presentation of work and concepts to clients and internal stakeholders
- Helping with time estimation and planning of project tasks with the wider team
- Working with development teams to coordinate handoffs of design assets

About You

- 1 - 3 years of digital agency experience
- Solid skills in Photoshop, Illustrator, Sketch
- Able to use Keynote, PowerPoint
- Skills in building working prototypes using tools such as InVision, FramerJS, Principle, etc.
- An understanding and appreciation of development processes, technologies and techniques
- Self-starter who is driven, responsible, and loves working with a tight-knit team
- A good eye for detail
- Can follow and help to create style guides
- Open to occasional company travel overseas
- The position is for a UI designer, however any UX experience would be a benefit

Timings / Remuneration

- Full time
- Remuneration tbc
